

AC 6000

Top-notch Fingerprint Authentication System

Technical Specification

- Marvell XScale PXA320 32 bit ARMv5TE Core @ 806 Mhz
- 128Mbytes DDR RAM @ 266mhz
- 64Mbyte NOR Intel Strata Flash
- 256Mbyte NAND Flash
- Linux based operating system
- 4.8 inch 800x480 TFT-LCD Touchscreen
- 1.3 Megapixel Color Camera (CMOS Sensor)
- 10/100M Ethernet Controller
- Function Buttons with near Proximity/Touch sensitivity

User Specification

- Fake Fingerprint Detection
- 50,000 fingerprint templates
- 500,000 event log buffer
- Proximity/Mifare card type support
- USB 2.0 Device / USB 1.1 Host
- Approach/Proximity Sensor
- 10MB/100 MB Ethernet / Wireless LAN / Wiegand / RS-485
- Max 12,500 pictures taken for registered or unregistered users
- Easy to use touch screen user interface
- Anti-passback
- UV protection available (optional)
